I should test this on
some animals! Perhaps
before I use it on them.

Sam asked me too
bring them on too
show the class the
next day!

My sister has got an
"American" (Big fish
bowl).

It's still got odd
when I tried to trace
the fish too not like
piranhas.

I disguised my dog Bowser as
a turtle.

But he's actually in it and a cool stick
I think it was in there!

But I changed the stick and
kept it with me tonight
who was out
about...

I thought that...

My turtle got
rabies, ate my
pizzas, and
is chasing my
stick insect!

She showed me from bringing
in white too school! Gosh she
bowed!

BOBBY'S BOOTS

BOBBY DULL OWNED AN ANCIENT PAIR OF FOOTBALL BOOTS THAT USED TO BELONG TO OLD-TIME SOCCER STAR, "DEADSHOT" DEAN...

...AND IN SOME STRANGE WAY, THEY ENABLED BOBBY TO PLAY IN DEADSHOTS STYLE...

...INCLUDING TAKING AN ICE-COLD DIP AT HALF-TIME...

...GOING FOR A SWIFT TIGHT-ROPE WALK...

...CYCLING THE WRONG WAY UP THE M-1...

...FOLLOWED BY A SIXTY-MILE SPURT BACK AGAIN FOR THE SECOND HALF.

BUT THE MOST MEMORABLE THING THAT "DEADSHOT" DEAN WAS KNOWN FOR...

... WAS BEING THE DIRTIEST FOULER EVER TO DARKEN A FOOTBALL PITCH!

Booooo!

IT'S THESE BOOTS MAKING ME DO IT, HONEST!

OFF!! OOOOF!!

My Little Horsies in THE NEW HORSE

1. One day the little horsies saw a strange new horse pulling a cart coming towards them

2. "What kind of horse are you?" asked Baby Boring. But the stranger didn't reply, and began to unload his cart.

3. "He's on dry land, so he can't be a sea horse!" said Powderpuff. The strange horse was now assembling an odd device.

4. "Perhaps he's a clothes-horse!" giggled Trouserfly. But the strange horse still didn't reply.

5. The odd horse had finished building his machine, and was loading boulders onto it. "Please tell us what sort of horse you are!" whinnied Lemon Plop.

6. "Okay, if it'll shut you wimps up!" growled the stranger. "I'm a rocking horse! Hurt, Hurt!"

TOP 10

FILMS YOU SHOULDN'T SEE!

I'VE COMMANDEERED THIS SPACE TO BRING TO YOUR ATTENTION SOME NASTY FILMS THAT HAVE COME TO MY NOTICE! THESE ARE DEFINITELY UNSUITABLE FOR CHILDREN!

1 E.T.

Ugh! The 'hero' of this film is a revolting wrinkly thing. I suspect that the producers were trying to make fun of old people.

2 SUPERMAN

The main character prances around in his underpants and a pair of ladies' tights! Shocking!

3 THE SOUND OF MUSIC

A foolish nanny encourages the obnoxious brats she's looking after to sing horrible loud songs. Don't they know that children should be seen and not heard?

4 SPIDERMAN

Man dresses up as a horrible yucky spider. Disgusting! It's a pity nobody steps on him.

5 CINDERELLA

Ungrateful lussy packs in the good job she's been given by her step-sisters, and frosts the night away disco-dancing in unsuitable footwear. Shameful!

6 STAR WARS

Horrid teenager and his silly pals fly all over the place being nasty to that nice Mr. Vader chap, who was only trying to make everyone behave themselves.

7 RAIDERS OF THE LOST ARK

I was looking forward to seeing old man Noah, and the arnab's going in two-by-two. Imagine my surprise when I found out it's about a scruffy yobbo who tries to steal a jewellery box from some Germans!

8 KARATE KID

Encourages violence. All the children in the audience threw their ice-creams at me when I walked into the cinema.

9 SLEEPING BEAUTY

Encourages laziness (audience fell asleep).

10 THE ADVENTURES OF YOGI BEAR

'Bear' is the right word for this character! He wears nothing but a hat, a collar and tie! What a weirdo!

SPECIAL EFFECTS SECRETS REVEALED

RAY HARRYHAMSEN is a veteran special-effects pig, with over 39,000 films to his credit, including 'I Married A Zombie From Portsmouth', 'The Good The Bad And The Lighthouse', and 'The Lost From Space That Ate The Earth's Coast'. Here, he lets you into some of the secrets behind those stunning effects you see on the cinema screen.

In my first film, 'Fins Of Horror', this monstrous creature was created by carefully applying foam rubber, sandark-liver greases, pan-stick make-up and stuck-on fish scales. Luckily, the actor holding her was naturally photogenic, and didn't require so much work.

Wearing heavy metal plate-armor, Arnold Schwarzenegger decided to do his own stunts in this breath-taking final scene from 'Conan The Barbarian Fights The Flames From Fiery Fuhrma'. As you can see, the whole scene was jolly convincing.

We had to use a lot of expensive equipment to film this thrilling stampede from 'When Dinosaurs Ruled Bognor' - including a fast-motion Olympic THX-33 camera with wide-angle zoom lens, overhead microphone boom modules, travelling matte projection screen, automatic compensating light-filters, and a time machine.

This film, 'The Curse Of The Crimson Creature', was shot, surprisingly, on a very low budget. A difficult illusion to create, but it was achieved in a very simple, yet effective way - we told the actor he wasn't getting paid.

'Conan The Barbarian' was the sequel to 'Conan The Barbarian Fights The Flames From Fiery Fuhrma'. Again, Schwarzenegger did all his own stunts. A 'shining' example of an 'all round' performer.

'The Man Who Never Worked Again' was the last film I made. An autobiographical picture, in which I played myself in the lead role. The above scene was finally achieved after I revealed the secrets of the film company's special effects department to newspapers and magazines for ridiculously low fees.
